

SM AR02

ACRYLIC COPOLYMER

PRODUCT NAME:

SM AR02 Acrylic Copolymer.

MANUFACTURER:

Schnee-Morehead, Inc. Please refer below for listing of manufacturing facilities.

PRODUCT DESCRIPTION:

SM AR02 is an acrylic copolymer in toluene solution. Products compounded with SM AR02 exhibit excellent adhesion, good flexibility, and outstanding resistance to ultraviolet radiation, oxidation, and weathering due to nitrogen oxides, hydrocarbons, or other pollutants.

BASIC USES:

SM AR02 is used to compound caulks and sealants.

HANDLING:

Drums of SM AR02 should be stored at 72°F or higher during cold weather to minimize handling problems due to high viscosity.

CLEAN UP:

Toluene may be used to assist in clean-up of equipment contaminated with residual SM AR02.

SAFETY:

Toluene, the solvent in SM AR02, can be hazardous to your health. Use in a well ventilated area and avoid breathing vapors. Keep away from all sources of ignition and ground all containers. The acrylic copolymer itself is nontoxic. See the Material Safety Data Sheet for other information.

PACKAGING:

SM AR02 is available in bulk and in lined, open head 55 gallon drums.

TECHNICAL PROPERTIES	
Characteristic	Result
Density (lbs/gal) @ 100.0% Solids	8.57
Density (lbs/gal) @ 63.0% Solids	8.05
Specific Gravity (25°C)	0.9656
Molecular Weight (Wt. Avg.)	225000 (Typical)
Molecular Weight (Number Avg.)	44,000 (Typical)
Appearance	Clear Solution
Refractive Index (@ 20°C)	1.4910 (Polymer solution)
Flash Point (°F)	26
Shipping/DOT	Flammable Liquid
TLV (ACGIH, TWA)	50 ppm
Boiling Point (°F)	232 (Solvent)
Evaporation Rate	1.9 (Solvent) (BuAc=1)
Water Content, % Max.	0.01%
Acidity (as acrylic acid), % Max.	0.1%
Odor	Aromatic odor
Vapor Pressure @ 20°C	22mm Hg (Solvent)
Nonvolatiles (Percent)	61-65%
Solvent	Toluene
Viscosity, #4 @ 10 RPM, 77°F	4000-8000 cps
Tg	-36 to -37 °C
Decomposition	-37°C

SHELF LIFE:

In a tightly closed original container, SM AR02 has a shelf life of one year from date of manufacture. Some toluene evaporation can take place but the solids content can easily be adjusted if necessary.

WARRANTY CONDITIONS OF SALE AND LIMITATIONS OF WARRANTIES:

All Schnee-Morehead products and materials are sold subject to the terms and conditions set forth in the technical data sheet, invoice, order acknowledge and/or bill of lading. All statements, technical information and recommendations regarding such products are based on tests and examinations believed to be reliable, but Schnee-Morehead, Inc. neither guarantees nor warrants their accuracy or completeness.

It shall be the sole responsibility of the user to determine the suitability of the Schnee-Morehead product or material for each intended use and the user shall assume all risks and liability in connection with the use, or inability to use, the product or material.

To the exclusion of all other remedies, Schnee-Morehead, Inc. warrants and agrees to replace, or as its sole option, to refund the purchase price of that portion of any material or product supplied by Schnee-Morehead, Inc. which is proven, upon inspection within thirty (30) days of the date of receipt of such product or material, to be defective in material or workmanship. No salesperson, agent, employee or representative of Schnee-Morehead, Inc. has any authority to enlarge or change the terms of the warranty.

In no event shall Schnee-Morehead, Inc. be responsible for any special, indirect, consequential or incidental damages or loss, including, without limitations, loss of profits or revenues, economic losses or loss of use, whether statutory or based on theories of contract or tort. THERE ARE NO OTHER AGREEMENTS, UNDERSTANDINGS, REPRESENTATIONS OR WARRANTIES, EXPRESS OR IMPLIED (INCLUDING ANY REGARDING MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE) NOT SPECIFIED HEREIN.

SCHNEE-MOREHEAD, INC.

LOCATIONS:

Complete technical information is available from Schnee-Morehead. Three locations are strategically located in the United States. For technical assistance, customer service orders and general information, please call **1-800-TRUST SM.**
